LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

$500\,000/250\,000 \times 100 = 2\%$ of direct labor cost. $500\,000/25\,000 = 20$ /direct labor hours. Problem 2 The Marco Company budgeted overhead at P 255,000 for the period for Department A, on the basis of a budgeted volume of P 100,000 direct labor hours.

Cost Accounting 7 8 - Solution Manual - StuDocu

Socialism is a political, social, and economic philosophy encompassing a range of economic and social systems characterised by social ownership of the means of production. It includes the political theories and movements associated with such systems. Social ownership can be public, collective, cooperative, or of equity. While no single definition encapsulates the many types of socialism ...

distributed to the owner in a profitable market production process (). Profit is a measure of profitability which is the owner's major interest in the income-formation process of market production. There are several profit measures in common use. Income formation in market production is always a balance between income generation and income distribution.

Profit (accounting) - Wikipedia

An expense is the write-off of an outlay cost against revenues in a particular accounting period and usually pertains only to external financial reports. 2-2. Product costs are those costs that can be more easily attributed to products, while period costs are those costs that are more easily attributed to time periods.
